SHIPPING NOTES.

The schooner Mary Foster took
yesterday a large quantity of bone-
meal for Koloa, and considerable coal
for Waimea.

Six hundred bags of bone meal were
shipped on the steamer Iwailani yester-
day for Koloa, Kauai.

The three-masted schooner Haleyon
which arrived the other day from New-
castle, N S W, with 450 tons of coal for
Irwin & Co, sailed yesterday for Kahu-
lai to discharge.

The bkne Geo C Perkins, Captain
Ackerman, arrived this morning, 10
days from San Francisco with a general
cargo. She made a good start on the
way but was 7 days making 340 miles
on account of calms and light airs.

The bk Natuna sailed yesterday for
San Francisco with 1,100 tons of mer-
chandise in transit and 17,871 bags of
sugar from this port. Her sugar
weighed 1,993,667 lbs and was valued at
\$80,861.09.

Uncle John has finished loading and
will sail for San Francisco on Friday or
Saturday next.

DIED.

At Hamakua, Maui, on the 28th
inst., Mary Ross Baxter Cowan, aged 13
months.

LOCAL & GENERAL NEWS.

PROFESSOR PARKER has gone to Hilo
to do the volcano.

REGULAR monthly meeting of the
Honolulu Rifles this evening.

THE usual services will be held by
Rev Mr. Wallace, this evening, at
St. Andrew's Cathedral.

A COFFEE saloon will be opened
Saturday night one door above the
shooting gallery, Fort street.

THE regular monthly meeting of
the Y. M. C. A. boys will be held
Thursday afternoon at 3 o'clock.

THERE will be a rehearsal of the
Choral and Quintette Club to-morrow
evening at 7:30, at the Gymnasium.

JUSTICE Bickerton announced, on
the opening of the Police Court this
morning, that Mr. Wm. S. Wond had
been duly appointed as Clerk of the
Court.

A HALF-WHITE baseball club is
being talked of with prospects of
success. A prominent man as leader
is the only person required to make
the club a "go."

PRAYER-MEETING at the Lyceum,
this evening. Subject, "How am I
to come to Christ?" John 6:37. A
business meeting will be held at the
close of the other services.

MISSION Concert at Fort Street
Church vestry this evening. Mr. J.
A. Magoon will read a paper on
"The Indians of the United States,"
and Captain Bray will give some in-
teresting facts from Micronesia, with
a summary of events from the log of
the Morning Star.

THE Campobello troupe will give
their farewell concert this evening.
The excellent series of concerts they
have already given ought to ensure
a full house, especially as one of the
drawbacks to large audiences which
has been referred to, is removed, the
tickets being at lower figures.

A WHITE prisoner, Ned Delix, made
himself scarce yesterday. It is sup-
posed that he got off the Pele, on
which he was at work, and stowed
away on the Natuna. If this is cor-
rect, he will make his debut in San
Francisco, where he may be induced
to mend his ways, and become a
better man.

In yesterday's report of the Legis-
lature two items were inadvertently
omitted, namely: The President
appointed the Committee on Miscel-
laneous Petitions, according to the
resolution of the previous day, as
follows, Noble J. L. Dowsett, Reps. L.
Ahofo, J. W. Kalua, Noble J. E.
Bush, Rep. Asa Kaulia. Mr. Dole
gave notice of a bill to amend sec.
1053, Civil Code.

"DIAGRAM of Parliamentary Rules,"
by Ulrich Smith. This is one of the
most concise elucidations of parlia-
mentary practice ever issued. In the
front of the book is a diagram, by
which the procedure of deliberative
assemblies, under almost every con-
ceivable circumstance, is indicated to
the most casual observation. The
rest of the work consists of thirty-
two pages of beautifully clear print,
elaborating parliamentary rules.
Every member of the Hawaiian
Legislature, and members of all sorts
of societies, would find this book very
useful. It is for sale by Mr. Geo. C.
Williams.

Word was received by the last
mail of rapid progress in the con-
struction of the Inter-Island Steam
Navigation Co.'s new steamer, build-
ing at Port Blakely, and the possi-
bility of her arrival here about July
15th. It is further learned that Mr.
T. K. Foster will leave by the Zealandia
next Friday for San Francisco to
give orders for the building of another
steamer identical in model to the lost
Planter except in depth of hold,
which in the new steamer will be
greater. The Planter's machinery,
rigging, blocks and fittings—in short
everything that was saved from the
wreck—will be used on the new
steamer. Her building will be com-
menced as soon as possible and she
is expected to arrive here at the end
of the year.

THE British bark Star of Devon
which arrived here recently from
Newcastle, N. S. W. with coal, and
which after discharging her cargo
was to sail for Malden Island, to load
guano for England, has been sur-
veyed. It appears that the crew filed
a complaint with H. B. M. Vice-
Consul T. H. Davies, Esq., alleging
that the vessel was sadly in need of
repairs and not seaworthy. Where-
upon several officers of H. B. M. S.
Triumph surveyed the bark yester-
day morning, and judging from the
decayed planks and timbers, the
old rigging and sails, the repairs of
the entire vessel would necessarily
be extensive. Mr. Davies, mate of
the Star of Devon, says the only
sound timber she has in the masts,
and it is probable that she will be
sent to San Francisco in ballast for
repairs.

A BOOMING INDUSTRY.

Mr. F. Horn is adding new
machinery and appliances to his
confectionery and bakery, greatly
increasing the scope and capacity
of the establishment. A copper for
boiling gum drops and other kinds
of sweets by steam has increased the
production fifteen fold, and the
proprietor says he has now to buy
his sugar by the ton instead of the
barrel. He has in all eighteen
copper pans employed, and is ex-
pecting a thousand dollars' worth of
labor-saving implements, for fancy
candy, from New York. The store
has been enlarged and renovated for
the fast increasing business. It is
surprising what an amount of work
is done in such comparatively small
space. The success achieved is
doubtless due in part to the admi-
rable order and arrangement observed,
but mainly to the prodigious in-
dustry and application of the pro-
prietor. Mr. Horn has had a two-
inch water plug with hose put in his
yard for protection from fire. As
Mr. Dodd, on one side of him, and
Mr. Fowler, on the other, have
similar provision, the danger from
fire in that quarter is greatly re-
duced. The example is worthy of
being generally followed by owners
of property.

For Sale by all Grocers.

DIRECTIONS FOR MAKING POI.—Take the desired amount of flour and
mix very thin with cold water, being sure there are no lumps. Confine this in a
bag or cloth and place in a kettle of boiling water, and let it continue to boil 1 1/2
to 2 1/2 hours, according to quantity used, care being taken to place a piece of per-
forated tin at the bottom of the kettle so as to prevent the cloth from burning.
When done (which will be when it will stand firm with a stout spoon, adding a little water until
the whole is well mixed. Let this stand from five to six hours. Then add water in
small quantities, mixing thoroughly and kneading until the desired consistency is
obtained. Owing to its purity it takes from three to four days to become acid or
sour. [313 3m]
